ENDURO ACCESSORIES

FMF TURBINE CORE SPARK ARRESTOR

AB-11310

Delivers smooth, linear power, lighter weight, & increased performance. USFS Approved spark arrestor won't clog or restrict exhaust flow. Increased canister volume with more sound absorption material. Made in the USA.

Model Fitment:

FMF POWERCORE 2.1 SILENCER

AB-11312

Delivers more power across the entire rpm range with a deeper exhaust note. Designed for off-road riding & racing where a spark arrestor isn't required. Designed & made in the USA

Model Fitment:

FMF TURBINE CORE SPARK ARRESTOR, XTRAINER

AB-10261

FMF's best selling Turbinecore 2 uses the exclusive "Turbine Dampening System". This top-notch product has well earned its U.S. Forest legal status.

Model Fitment:

FMF Q4 SLIP ON MUFFLER

AB-11319

The Q4 employs intricate chambers, baffles, and proprietary multi-stage packing material making it the best performing quiet muffler available. Meets USFS and FIM World Enduro sound regulations. Spark arrestor included. For offroad use only!

Model Fitment:

FMF POWERCORE 4 SLIP ON MUFFLER

AB-11320

The Powercore 4 is a quality muffler with improved torque, increased horsepower and rugged durability all at a price that won't break the bank. Includes removable spark arrestor. For offroad use only!

Model Fitment:

FMF ANODIZED FACTORY 4.1 TITANIUM MUFFLER

AB-11318

The Factory 4.1 RCT incorporates the latest in FMF Resonance Chamber Technology™ both internally and externally. The Factory 4.1 RCT is constructed from only aerospace grade materials making for a lightweight design. For offroad use only!

Model Fitment:

FMF MEGABOMB HEADER

AB-11317, AB-11317-350

Fits with the stock muffler as well as all FMF Slip-ons. Incorporates FMF's patented MegaBomb module at a precise location in the header. FMF products are made in the USA. For offroad use only!

Model Fitment:

FMF FACTORY FATTY

AB-11316

The Factory Fatty resembles cone pipes once used by Factory Teams. Shares same characteristics of craftsmanship & material quality. Thoroughly tested & developed by the best racers in the sport.

Model Fitment:

FMF GNARLY PIPE

AB-11315

The FMF Gnarly pipe focuses on increasing the lower RPM horsepower and torque to get you out of the toughest terrain. Strong and rugged, this aggressive pipe dishes out handfuls of torque and bottom to mid range pull needed.

Model Fitment:

FMF GNARLY PIPE, 200RR

AB-11314

The FMF Gnarly pipe focuses on increasing the lower RPM horsepower and torque to get you out of the toughest terrain. Strong and rugged, this aggressive pipe dishes out handfuls of torque and bottom to mid range pull need.

Model Fitment:

FMF XTRAINER PERFORMANCE PIPE

AB-11236

FMF XTrainer pipe increases lower RPM power & torque. The Fatty design enhances the stock XTrainer power curve. 18 gauge steel. Works great with FMF silencer AB-10261 Turbinecore 2.

Model Fitment:

FRESCO RR 2 STROKE PIPE

AB-11260

Fresco Hand-Made Cone Header Pipe improves engine power on top-end. Hand made in Italy.

Model Fitment:

FRESCO XTRAINER PIPE AB-11262

Fresco Hand-Made Cone Header Pipe. Improves engine power all-around and increases top end overrev. Made in Italy.

Model Fitment:

FRESCO 125RR PIPE AB-11259

Fresco Hand-Made chrome Header Pipe. Improves engine power all-around. Made in Italy. Fits 2020+ 125 RR.

Model Fitment:

BETA 2 STROKE PIPE COLLAR AB-21410-20, AB-21410-FMF

Anodized red billet aluminum, machined for a perfect fit. Fits any stock 2 stroke RR pipe to stock silencer. AB-21410-FMF Fits any FMF 200/250/300RR silencers to OEM or FMF Pipe.

Model Fitment:

SAMCO SILICONE 4 STROKE HOSE KIT AB-22142-B (Blue), AB-22142-R (Red)

Silicone hoses resist ozone and UV deterioration and are more puncture resistant. Our hoses are made from the finest European silicones specifically designed for motorcycle use. Hose kits designed to remove the thermostat.

Model Fitment:

SAMCO SILICONE HOSE KIT 125/200 RR AB-22143-B (Blue), AB-22143-R (Red)

Silicone hoses resist ozone and UV deterioration and are more puncture resistant. Our hoses are made from the finest European silicones specifically designed for motorcycle use. Hose kits designed to remove the thermostat.

Model Fitment:

SAMCO SILICONE HOSE KIT 250/300 RR AB-22144-R (Red), AB-22144-B (Blue)

Silicone hoses resist ozone and UV deterioration and are more puncture resistant. Our hoses are made from the finest European silicones specifically designed for motorcycle use. Hose kits designed to remove the thermostat.

Model Fitment:

SAMCO SILICONE HOSE KIT XTRAINER

AB-21144-R (Red), AB-21144-B (Blue)

Silicone hoses resist ozone and UV deterioration and are more puncture resistant. Our hoses are made from the finest European silicones specifically designed for motorcycle use. Hose kits designed to remove the thermostat.

Model Fitment:

SAMCO HOSE CLAMP KIT

AB-22146

This is a high performance Samco Sport hose clamp kit which replaces your standard factory hose clamps. These hose clamps are entirely made from marine-grade 304 W5 stainless steel and have a 13mm wide band which increases their clamping force.

Model Fitment:

BETA FAN KIT

AB-22150-2/4, AB-10274-2 (Xtrainer)

Factory Beta Accessory. Provides increased cooling for hotter conditions. Thermostat switch turns fan on and off when needed.

Model Fitment:

MANUAL FAN SWITCH

AB-22220

Allows manual on/off switching of radiator cooling fan. Useful when expecting hotter than normal engine temp. Won't override cooling fan's normal automatic cooling cycles. Simple installation, instructions included.

Model Fitment:

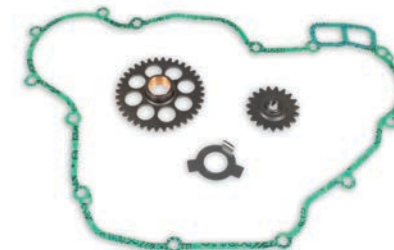

BETA ALUMINUM WATER PUMP COVER

AB-22174-R/BK

Beta water pump covers are CNC machined from strong but light-weight 6061-T6 aluminium. These covers provide excellent protection to the water pump. They come with an anodised finish in red and black.

Model Fitment:

STEEL OIL PUMP GEARS 4 STROKE

AB-12116

Steel Oil Pump Gear Kit to replace stock plastic gears. For use in extreme conditions. Includes new gasket and clutch safe washer.

Model Fitment:

REKLUSE CLUTCH COVER 2 STROKE
AB-21178-2

Billet aluminum red aluminum clutch cover. Thicker and stronger than stock cover. Beta Racing and Rekluse machined onto the cover. Works with both stock and Rekluse clutches.

Model Fitment:

REKLUSE CLUTCH COVER 4 STROKE
AB-22063

Billet aluminum red aluminum clutch cover. Thicker and stronger than stock cover. Beta Racing and Rekluse machined onto the cover. Works with both stock and Rekluse clutches.

Model Fitment:

REKLUSE CX CLUTCH 2022+ 4 STROKE
AB-22064-4

RadiusCX is a top of the line auto clutch product that brings together all of our latest technology into one package. TorqDrive friction disk technology coupled with EXP and our Core technology results in significant advancement in auto performance with exceptional hook-up, lever feel and durability.

Model Fitment:

REKLUSE RADIUS X CLUTCH 2022+ 4 STROKE
AB-22065-4

RadiusX combines TorqDrive clutch pack with innovative EXP (auto clutch) disk. TorqDrive provides more clutch disks in less space, delivering high performance auto function within the framework of stock clutch. Standard clutch lever function with full override.

Model Fitment:

RADIUS CX CLUTCH 2022+ 2 STROKE
AB-22064-2

Perfect power delivery every time, Increased power transfer over OEM. Maintain momentum, use motor torque without worrying about stalling. Optimized pressure plate design provides excellent lever feel, consistent control & behavior.

Model Fitment:

REKLUSE RADIUS X CLUTCH 2022+ 2 STROKE
AB-22065-2

RadiusX combines TorqDrive clutch pack with innovative EXP (auto clutch) disk. TorqDrive provides more clutch disks in less space, delivering high performance auto function within the framework of stock clutch. Standard clutch lever function with full override.

Model Fitment:

REKLUSE HANDBRAKE KIT AB-22062

Allows maximum control with another way to apply rear brake. Nestles under or over existing clutch lever for easy reach. Works great during technical descents without engine braking. For use with Rekluse clutch kits only.

Model Fitment:

18-21 DIAPHRAGM CLUTCH KIT AB-22230

Kit has full circle locator pins for the clutch plates which reduces wear and heat buildup. This allows for a better overall engagement.

Model Fitment:

BETA KICKSTART KIT 4 STROKE AB-21193-20

Beta Factory Kickstart Kit. Includes Clutch cover gasket and lock washer. Dealer install recommended.

Model Fitment:

BETA KICKSTART KIT 2 Stroke AB-21192-20 (250/300), AB-21192 (Xtrainer)

Beta Factory Kickstart Kit. Includes Clutch cover gasket and lock washer. Dealer install recommended.

Model Fitment:

BETA KICKSTART KIT 200RR AB-21194

Beta Factory Kickstart Kit. Includes Clutch cover gasket and lock washer. Dealer install recommended.

Model Fitment:

OIL INJECTION ADD ON KIT AB-21183-20 (250/300RR), AB-22181 (200RR)

Complete Oil Injection Installation Kit. Includes necessary parts & instructions to add oil-injection.

Model Fitment:

OIL INJECTION REMOVAL KIT
AB-21180

Includes all necessary parts, tools, and instructions to completely remove the oil-injection if desired.

Model Fitment:

OIL INJECTION REMOVAL KIT 200RR
AB-22180

Includes all necessary parts, tools, and instructions to completely remove the oil-injection if desired from your 200 RR.

Model Fitment:

BETA POWER VALVE ADJUSTER
AB-21187

The Beta Power Valve Adjuster replaces stock adjuster. Allows on-the-fly power valve adjustment without tools. Variable control of throttle intake response & acceleration.

Model Fitment:

BETA OIL FILLER CAP
AB-21188

Made from billet aluminum, & anodized Beta red. Precision machined, twin-tab design. O-ring included with each oil fill cap. Beta USA exclusive accessories are designed & Made in USA.

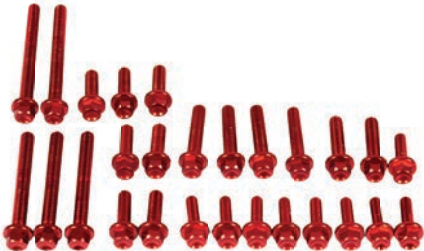

Model Fitment:

FUEL SENDING UNIT CAP
AB-21182

Machined Billet Aluminum replacement cap, with o-ring. Replaces low-fuel sending unit when not being used. Used by Beta USA Factory Race Team.

Model Fitment:

RED ALUMINUM ENGINE BOLT KIT
AB-10125-2

Red aluminum bolts for the engine. Better looking & saves 200 grams.

Model Fitment:

COUNTERSHAFT SPACER KIT AB-50105

Updated spacer improves countershaft seal life in muddy conditions.

Model Fitment:

BETA KEHIN IDLE ADJUSTER AB-22015

Red anodized carb screw with Beta "B" engraved on tip. Has Machined Edge for improved grip when making adjustments.

Model Fitment:

ALUMINUM OIL FILLER CAP AB-22016

Threads directly into oil filler hole of your clutch & engine cover. Includes an O-ring to ensure a good seal, as well as a knurled tip for added grip.

Model Fitment:

EFI FUEL PUMP ELBOW AB-22014

EFI fuel elbow made from aluminum replaces the OEM plastic elbow. Fits All EFI models.

Model Fitment:

MANUAL CAM CHAIN TENSIONER AB-22009

CNC machined Manual Cam Chain Tensioner. Simple 3-piece design enables precise manual cam chain adjustment. Manual adjusters put slightly less pressure on cam chain & enable easier, quicker starting.

Model Fitment:

SCOTTS STAINLESS STEEL OIL FILTER AB-12002

3 Pleat welded seam. It Passes 24 hour chemical resistance test. Woven media element is durable, able to withstand 600 degrees F*. Full Flow bypass with progressive valving, no disassembly for cleaning

Model Fitment:

Rideability

GUTS SOFT SEAT FOAM AB-22200-S/T/ET

20% softer than stock for long rides, great for dual sporting. Available in both standard height, tall height, and extra tall (tall & extra tall requires matching seatcover).

Model Fitment:

GUTS SOFT SEAT FOAM & COVER KIT AB-22201-S/T

Guts Soft Seat Foam & Cover Kit, Standard. This is a black gripper seat cover along with red ribs and the guts soft seat foam. Available in standard and tall heights. Seat base not included.

Model Fitment:

GUTS STANDARD SEAT COVER, BLACK/BLUE AB-22202-BBS/BBT

Guts Standard Seat Cover, Black/Blue. Made with gripper material and sewn on ribs to help from sliding on your seat. Made in USA. Available in standard and tall heights.

Model Fitment:

GUTS STANDARD SEAT COVER, BLACK/RED AB-22202-BRS/BBT

Guts Standard Seat Cover, Black/Red. Made with gripper material and sewn on ribs to help from sliding on your seat. Made in USA. Available in standard and tall heights.

Model Fitment:

GUTS STANDARD SEAT COVER, BLUE AB-22203-BLS/BLT

Guts Standard Seat Cover, Blue. Made with gripper material and sewn on ribs to help from sliding on your seat. Made in USA. Available in standard and tall heights.

Model Fitment:

GUTS STANDARD SEAT COVER, RED AB-22203-RS/RT

Guts Standard Seat Cover, Red. Made with gripper material and sewn on ribs to help from sliding on your seat. Made in USA. Available in standard and tall heights.

Model Fitment:

SEAT CONCEPTS FOAM & COVER KIT AB-22160-S

Includes Foam & Cover, does not include base. Wider, softer seat is more comfortable on longer rides. Available in Stock height.

Model Fitment:

SEAT CONCEPTS STANDARD SEAT ASSEMBLY AB-22163-S/T

Complete seat assembly, foam, cover & seat-pan. Standard width seat with softer foam for more comfort on longer rides. Black/Black cover. Available in standard & tall height.

Model Fitment:

SEAT CONCEPTS COMFORT SEAT ASSEMBLY AB-22164-L/S/T

Complete seat assembly, foam, cover & seat-pan. Wider, softer seat for more comfort on longer rides. Black/Black cover. Available in low, standard, and tall height.

Model Fitment:

SEAT CONCEPTS SEAT BASE AB-22070

Seat Concepts Seat Pan is made with a heavy duty plastic providing more durability than OEM seat base.

Model Fitment:

SEAT CONCEPTS FOAM & COVER KIT AB-10511-L/T

Available in Low or Tall Height. Roughly 1" shorter or taller than stock while still keeping OEM width. Red/Black seat cover with Beta logo to match OEM seat. Softer foam than stock.

Model Fitment:

SEAT CONCEPTS COMFORT SEAT ASSEMBLY AB-10512-L/T

Complete seat assembly, foam, cover & seat-pan. Wider, softer seat for more comfort on longer rides. Red/Black cover with Beta logo like OEM. Available in Low or Tall height, Made in USA.

Model Fitment:

FASTWAY BETA REAR RACK AB-22090

Anodized black for protection from the elements, while stainless steel fasteners provide worry free hold. These are the easy choice of U.S.F.S. Forest Rangers, off-road riders and adventurers world-wide.

Model Fitment:

GIANT LOOP HANDLEBAR BAG AB-12037

Perfect for dirt bikes and technical riding. Backed by a Limited Life-time Warranty! Fits all Beta Motorcycles!

Model Fitment:

GIANT LOOP TANK BAG AB-12030

Highest quality tank bag on the market! Unzips from base for quick removal. Made in the USA by Giant Loop. Works great on all RR and RR-S models.

Model Fitment:

GIANT LOOP SADDLE BAG AB-12031

The ultimate saddlebag designed for long trips. Holds over 10 Liters of goods, extra tubes, tools, tent, sleeping bag, and other supplies. Made in the USA by Giant Loop.

Model Fitment:

IMS OVERSIZED FUEL TANK AB-23001-N2/B2/DBN2 2-Stroke AB-23002-N2/B2/DBN2 4-Stroke

3.5 Gallon Oversized fuel tank made by IMS. Slim design maximizes maneuverability & uses stock shrouds. Available in natural, black, and dry break natural.

Model Fitment:

IMS RALLY FUEL TANK AB-23003-N2/B2/DBN2 4-Stroke AB-23004-N2/B2/DBN2 2-Stroke

IMS 5.2 gal oversized fuel tank. Retains stock shrouds to keep bike looking the same. Hardware, detailed instructions, & a tool to remove the fuel lines included. Available in natural, black, and dry break natural.

Model Fitment:

IMS OVERSIZED FUEL TANK, XTRAINER AB-12038-N

2.9 gal IMS oversized fuel tank for Xtrainer models! Hardware, and detailed instructions are included.

Model Fitment:

IMS DRY BREAK RECIEVER AB-10175

IMS Dry-Break Receiver. Fits all IMS tanks that are cut for a Dry-Break

Model Fitment:

BILLET GAS CAP & BREATHER TUBE AB-22177-R/BK

Give your bike that factory touch with the AS3 Performance billet aluminium fuel cap. CNC machined from 6061-T6 aluminium making it light and much stronger than the OEM fuel caps. Anodized finish and comes with the breather vent as pictured.

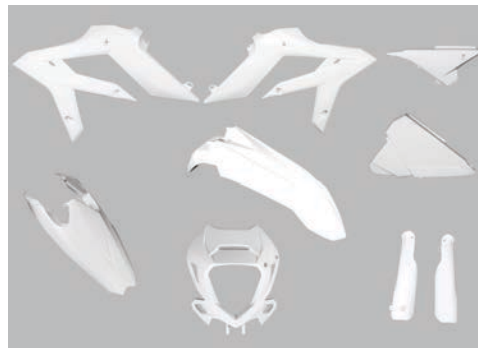

Model Fitment:

2022 COMPLETE PLASTIC KIT, RED AB-24003-22 RR Models AB-24001-22 RR-S Models

Red Plastic Kit includes airbox panel, tanks shrouds, front and rear fenders, headlight mask, and fork guards. Fits 2020+ RR

Model Fitment:

X-TRAINER COMPLETE PLASTIC KIT, WHITE AB-24002-22

White Plastic Kit includes airbox panel, tanks shrouds, front and rear fenders, headlight mask, and fork guards. Fits 2020+ Xtrainer

Model Fitment:

FRONT NUMBER PLATE KIT AB-24005-20

Front Number Plate Kit 2020+, Kit includes number plate, mounting bolt, and decal.

Model Fitment:

ENDURO ENGINEERING HANDGUARDS AB-10165

Aluminum full wrap handguards, all hardware included. Must choose deflector color of choice (Not included)

Model Fitment:

ENDURO ENGINEERING DEFLECTORS

AB-10166 (Red), AB-10167 (Black),
AB-10168 (White), AB-10168-B (Blue)

Plastic deflectors for aluminum Enduro Engineering full wrap handguards.

Model Fitment:

ENDURO ENGINEERING FLAG STYLE HANDGUARDS

AB-21420-W(White)/R(Red)/BL(Blue)/BK(Black)

Enduro Engineering Co-Branded Beta Racing Roost Deflectors in White, Red, Blue, and Black.

Model Fitment:

CYCRA HANDGUARDS AB-11165-BK(Black)/R(Red)/W(White)

Beta Pro Bend Handguards made by Cycra. Curved sidebar for less compacted feel. Available in Red, White, or Black.

Model Fitment:

CYCRA HANDGUARD REPLACEMENT SHIELDS

AB-11166-R(Red)/W(White)/BK(Black)

Cycra Handguard plastic replacement shields. Available in Red, White, Black. Fits Cycra Hand Guards only!

Model Fitment:

BETA RACING HANDGUARDS

AB-12107-R(Red)/W(White)

Beta Factory Handguards with mounts. Available in Red or White.

Model Fitment:

LEGEND: ● 125 RR ● 350/390/430/480 RR
● 200 RR ● 350/390/430/480/500 RR-S
● 250/300 RR/RX ● XTRAINER

BULLETPROOF RADIATOR GUARDS

AB-22100-R(Red)/BK(Black)/BL(Blue)/S(Silver) 2020 Only
AB-22101-R(Red)/BK(Black)/BL(Blue)/S(Silver) 2020+

Billet aluminum CNC'd Radiator guards. Offers both front & side impact protection. Easy to install & works with cooling fan kit & oversized tanks.

Model Fitment:

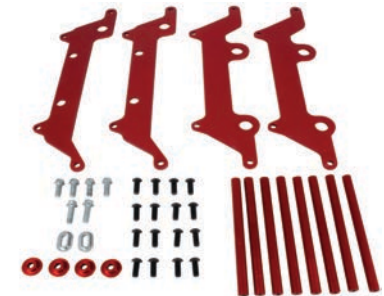

BULLETPROOF RADIATOR GUARDS, XTRAINER

AB-21130-R(Red)/BK(Black)/BL(Blue)/S(Silver)

Heavy-Duty Billet Aluminum, full protection radiator guards. Available in Silver, Red, Blue, and Black. (Not compatible with AB-11263 XT Performance Pipe)

Model Fitment:

BETA USA RADIATOR BRACES

AB-22175

Provides protection from crashes & impacts. Anodized red. Will work with cooling fan kit or oversized tanks. Utilizes stock radiator grills. Made in USA.

Model Fitment:

BULLETPROOF FRONT DISC GUARD

AB-21155-R(Red)/BK(Black)/BL(Blue)/S(Silver) Standard Editions
AB-21157-R(Red)/BK(Black)/BL(Blue)/S(Silver) Race Editions

Heavy-Duty Billet Aluminum design. Protect the front disc from impacts. Available in silver, or anodized Red, Black, or Blue

Model Fitment:

BULLETPROOF FRONT DISC GUARD, XTRAINER

AB-21149-R(Red)/BK(Black)/BL(Blue)/S(Silver)

Heavy-Duty Billet Aluminum design. Protect the front disc from impacts. Available in silver, or anodized Red, Black, or Blue

Model Fitment:

ACERBIS VENTED FRONT DISC GUARD

AB-21230-B(Black)/R(Red)/W(White)

Acerbis Vented Front Disc Guard Kit. Beta Specific Mounting Bracket Included. Fits 2013+ RR & 2014+ RS/RR-S.

Model Fitment:

LEGEND: ● 125 RR ● 350/390/430/480 RR
● 200 RR ● 350/390/430/480/500 RR-S
● 250/300 RR/RX ● XTRAINER

ACERBIS X-BRAZE DISC GUARDS

AB-21132-R(Red)/B(Black)/W(White) RR/RR-S Only
AB-21140-R(Red)/B(Black)/W(White) XTRAINER Only

Acerbis front disc guard kit. Beta specific installation kit included.
Available in red, black, and white.

Model Fitment:

ACERBIS X-FUTURE DISC GUARD

AB-22151-R(Red)/W(White)/BL(Blue)/BK(Black)

Extended cover for maximum protection of the disc and the brake caliper to protect them from mud, stones and debris. Designed for the best resistance to impacts.

Model Fitment:

P3 CARBON FRONT DISC GUARD

AB-21248

P3 Carbon Front Disc Guard Kit. Includes Beta specific Acerbis disc guard carrier.

Model Fitment:

BULLETPROOF REAR DISC GUARD

AB-22072-R(Red)/BK(Black)/BL(Blue)/S(Silver)

Rear Sharkfin & Caliper Guard. Heavy-duty machined billet aluminum. Comes with a caliper guard integrated into the disc guard.

Model Fitment:

BETA USA REAR SHARKFIN

AB-10389

Lightest sharkfin on the market. Beta USA Team product made from billet aluminum. Anodized red and black. Replaceable Fin is AB-10389-F.

Model Fitment:

TMDDESIGNS REAR DISC GUARD

AB-21411-R(Red)/BL(Blue)/BK(Black)

TMD Billet alloy brake caliper holder & return memory disc guard. Lightweight aluminum brake caliper holder improves brake pedal feel & power Race proven plastic disc cover absorbs impacts & returns to center

Model Fitment:

BRP CHAIN GUIDE

AB-10115 (Black), AB-10116 (Red)
AB-10117 (Blue)

BRP Frictionless Chain Block. BRP Polymer offers Increased Strength, Superior Durability & Improved Performance.v

Model Fitment:

TMDESIGNS CHAIN GUIDE

AB-21400-R (Red) AB-21400-B (Black)

Perfect balance of lightweight & super strong return memory plastic body. Choose from Black or Red. Made in USA, One year breakage warranty on chain guide body in USA.

Model Fitment:

TMDESIGNS CHAIN GUIDE

AB-21418-R (Red) AB-21418-B (Black)

TMD is the only made in the USA factory tested front chain slider used by top race teams. Improved slider shape to increase longevity in critical wear spots. Includes all new mounting hardware.

Model Fitment:

TMDESIGNS INNER FRAME GUARD

AB-21417-R (Red) AB-21417-B (Black)

Inner sub frame guard protects frame & keeps chain running on center. Must use AB-21418-R/BK will not work with OEM slider. Choose from red or black, made in USA.

Model Fitment:

TMDESIGNS LOWER FRAME PAD

AB-21413-R (Red)

The TMD BETA lower frame pad has extended length to control the chain to rear wheel. Special lower plastic pad that mounts under chain slider on the frame. Available in red.

Model Fitment:

TMDESIGNS CASE SAVER

AB-21409-R (Red) AB-21409-B (Black)

Added protection for left engine case. Covers clutch hydraulic master cylinder. Available in red or black, made in USA. Requires removal of stock sprocket/case guard.

Model Fitment:

LEGEND: ● 125 RR ● 350/390/430/480 RR
● 200 RR ● 350/390/430/480/500 RR-S
● 250/300 RR/RX ● XTRAINER

BETA USA CLUTCH CYLINDER GUARD AB-20009

Billet Red Aluminum, replaces stock chain guard. Protects clutch slave cylinder & adds some bling. Available to fit the stock or Rekluse clutch covers.

Model Fitment:

ACERBIS FRAME GUARD AB-21220-20

X-Grip frame guards are highly effective frame protection. Outer plastic is durable polycarbonate, inner plastic is durable yet more pliable. Shaped to follow the frame contours, zipties included.

Model Fitment:

BULLETPROOF SWINGARM GUARD AB-21147-R (Red), AB-21147-BK (Black) AB-21147-BL (Blue), AB-21147-S (Silver)

Heavy-duty billet aluminum braces chain block & adds protection. Available in red, black, blue, silver.

Model Fitment:

TMDESIGNS POWERLIP CHAIN ROLLER AB-21402

Improves drivetrain speed, tension & rolling accuracy. Washer & bushing help protect sealed inner bearing, made in USA.

Model Fitment:

P3 CARBON CLUTCH COVER, 2 STROKE AB-21233-2

Protects your clutch cover molded design perfectly shields stock clutch covers. High strength & light weight.

Model Fitment:

P3 CARBON IGNITION COVER, 2 STROKE AB-21232-2

Protects your clutch cover molded design perfectly shields stock clutch covers. High strength & light weight.

Model Fitment:

LEGEND: ● 125 RR ● 350/390/430/480 RR
● 200 RR ● 350/390/430/480/500 RR-S
● 250/300 RR/RX ● XTRAINER

P3 CARBON CLUTCH COVER, 4 Stroke AB-21259-4

Protects your clutch cover. Molded design perfectly shields stock clutch covers. High strength & light weight. P3 Carbon products are designed & Made in USA.

Model Fitment:

● ●

P3 CARBON IGNITION COVER, 4 STROKE AB-21258-4

Protects your ignition cover molded design perfectly shields stock clutch covers. High strength & light weight. P3 Carbon products are designed & Made in USA.

Model Fitment:

● ●

ENDURO ENGINEERING SKIDPLATE, 250/300 RR AB-21214

Strong aluminum construction will hold up to more than plastic. Covers vital areas of the motorcycle such as water pumps, oil filters, engine cases and covers.

Model Fitment:

●

ENDURO ENGINEERING SKIDPLATE, 125/200 RR AB-21215

Strong aluminum construction will hold up to more than plastic. Covers vital areas of the motorcycle such as water pumps, oil filters, engine cases and covers.

Model Fitment:

● ●

ENDURO ENGINEERING SKIDPLATE, 4 STROKE AB-21216

Strong aluminum construction will hold up to more than plastic. Covers vital areas of the motorcycle such as water pumps, oil filters, engine cases and covers.

Model Fitment:

● ●

ENDURO ENGINEERING SKIDPLATE, XTRAINER AB-21212

Strong aluminum construction will hold up to more than plastic. Covers vital areas of the motorcycle such as water pumps, oil filters, engine cases and covers.

Model Fitment:

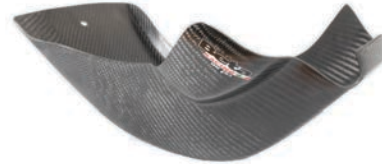

●

P3 CARBON SKIDPLATE, 250/300 RR AB-21260-2

Carbon, Fiberglass & Kevlar composites for high impact strength. Proprietary blend of high temp resins for long life & high strength. Hi-temp coating on under side to resist heat. Made in the USA.

Model Fitment:

P3 CARBON SKIDPLATE, RR/RR-S 4 STROKE AB-21260-4

Carbon, Fiberglass & Kevlar composites for high impact strength. Proprietary blend of high temp resins for long life & high strength. Hi-temp coating on under side to resist heat. Made in the USA.

Model Fitment:

P3 CARBON SKIDPLATE, XTRAINER AB-21247-R (Red) AB-21247-B (Black)

Carbon, Fiberglass & Kevlar composites for high impact strength. Proprietary blend of high temp resins for long life & high strength. Available in red and black.

Model Fitment:

TMDESIGNS COMPOSITE SKIDPLATE, 4 STROKE AB-21415-B (Black) AB-21415-R (Red)

This skid plate slides easily over rock/logs/dirt. Integrated effective linkage protection for off-road riding. TMD's higher side coverage protects vital engine parts & cases. Available in red and black.

Model Fitment:

TMDESIGNS COMPOSITE SKIDPLATE, 2 STROKE AB-21416-B (Black) AB-21416-R (Red)

This skid plate slides easily over rock/logs/dirt. Integrated effective linkage protection for off-road riding. TMD's higher side coverage protects vital engine parts & cases. Available in red and black.

Model Fitment:

TMDESIGNS COMPOSITE SKIDPLATE, XTRAINER AB-21406-B (Black) AB-21406-R (Red)

This skid plate slides easily over rock/logs/dirt. Integrated effective linkage protection for off-road riding. TMD's higher side coverage protects vital engine parts & cases. Available in red and black.

Model Fitment:

P3 CARBON PIPE GUARD, 250/300 RR
AB-21240-19

Carbon, Fiberglass & Kevlar composites for impact strength. Proprietary blend of high-temp resins for long life & strength. Hi temp coating on under side to resist heat. Molded design for a perfect fit. Made in the USA.

Model Fitment:

P3 CARBON PIPE GUARD, 200 RR
AB-21238

Carbon, Fiberglass & Kevlar composites for impact strength. Proprietary blend of high-temp resins for long life & strength. Hi temp coating on under side to resist heat. Molded design for a perfect fit. Made in the USA.

Model Fitment:

P3 CARBON PIPE GUARD, XTRAINER
AB-21242

Carbon, Fiberglass & Kevlar composites for impact strength. Proprietary blend of high-temp resins for long life & strength. Hi temp coating on under side to resist heat. Molded design for a perfect fit. Made in the USA.

Model Fitment:

P3 CARBON PIPE GUARD, 125 RR
AB-21239

Carbon, Fiberglass & Kevlar composites for impact strength. Proprietary blend of high-temp resins for long life & strength. Hi temp coating on under side to resist heat. Molded design for a perfect fit.

Model Fitment:

P3 CARBON HEAT SHIELD, 4 STROKE
AB-21243 (350/390), AB-21244 (430/480/500)

P3 carbon fiber heat shield provides protection against any leg rub. While also deflecting any rocks that may come its way.

Model Fitment:

ELINE CARBON FIBER PIPE GUARD, 4 STROKE
AB-10256

Carbon Fiber Pipe Guard. Provides protection against any rocks or roots. Includes everything needed to install.

Model Fitment:

LEGEND: ● 125 RR ● 350/390/430/480 RR
● 200 RR ● 350/390/430/480/500 RR-S
● 250/300 RR/RX ● XTRAINER

ELINE CARBON FORK GUARDS AB-22046

Universal carbon fiber upper fork protection. Made in USA.

Model Fitment:

ACERBIS FORK SHOE COVER AB-22021-R (Red) AB-22021-W (White) AB-22021-B (Black)

Protects against rocks, boulders, and whatever else comes across the under side of your forks. Coming in Black, Red, White.

Model Fitment:

HEAVY DUTY KICKSTAND AB-22055

Precision engineered, manufactured, and assembled in the U.S.A. Comes with all necessary mounting hardware. Easy installation. 6061 billet aluminum construction

Model Fitment:

BAJA DESIGNS SQUADRON HEADLIGHT, 4 STROKE AB-22190-4 SPORT AB-22191-4 PRO

If you are looking for an off road light that features unique styling and leading edge performance, then the Squadron Sport/Pro Kit is the light for you. Sport - 3,150 lumens, Pro - 4,900 lumens

Model Fitment:

BAJA DESIGNS SQUADRON HEADLIGHT, 2 STROKE AB-22190-2 SPORT AB-22191-2 PRO

If you are looking for an off road light that features unique styling and leading edge performance, then the Squadron Sport/Pro Kit is the light for you. Sport - 3,150 lumens, Pro - 4,900 lumens

Model Fitment:

CYCLOPS LED BULB AB-22001-4/2

Brightest, smallest LED H4 replacement light available. Low beam cut-off & plug-&-play installation, 4 Cree XHP50 emitters. Fan & heat-sync cooled for extreme conditions & long life. Plugs into stock H4 plug, & a direct fit into stock Beta headlight.

Model Fitment:

Rideability

BETA RACING MIKA METALS HANDLEBARS AB-22199-RC/MC

Constructed from the highest quality aerospace aluminum for maximum strength, the pro series handlebar is also engineered to “flex” for reduced arm fatigue. 1 1/8 inches diameter. MC Bend (Low) & RC Bend (High) With Beta Racing bar pad.

Model Fitment:

G2 THROTTLE CAM SYSTEM AB-10140-2

G2 Throttle Cam System. Adjust control for changing track or trail conditions. Included are 3 cams for throttle adjustments.

Model Fitment:

G2 ALUMINUM REPLACEMENT THROTTLE TUBE AB-10141-2

G2 Aluminum Stock Throttle Tube. High quality Aluminum replacement for plastic/nylon tubes. Includes throttle tube with stock size cam.

Model Fitment:

G2 DIRT TAMER ALUMINUM THROTTLE TUBE AB-10142-2

G2 Dirt Tamer Throttle Tube. High quality Aluminum replacement for wimpy plastic/nylon tubes. Provides more control and power to the ground. Best overall control cam included for each model.

Model Fitment:

G2 QUICK TURN ALUMINUM THROTTLE, 2 STROKE AB-10143-2

Quick-Turn System with ultra-smooth G2 throttle tube. Delrin inserts fitted with a throttle cam over 10% larger than stock. This translates into about 10 degrees less rotational pull needed to reach wide open.

Model Fitment:

G2 QUICK TURN THROTTLE ASSEMBLY, 4 STROKE AB-10144

G2 Quick-Turn Throttle Assy for Beta EFI Models. The stock Beta throttle does not have enough room for a bigger pulley. Roughly 15% quicker ratio than stock.

Model Fitment:

LEGEND: ● 125 RR ● 350/390/430/480 RR
● 200 RR ● 350/390/430/480/500 RR-S
● 250/300 RR/RX ● XTRAINER

G2 THROTTLE CAM SYSTEM, 4 STROKE AB-10151

Machined from 6061 aluminum, self-lubricating Delrin bushings at each end. Fits inside stock throttle housing to stock cables. Removable end cap for simple handguard installation.

Model Fitment:

G2 PLASTIC THROTTLE TUBE AB-10152-2

A less expensive direct replacement OEM throttle tube.

Model Fitment:

G2 JIMMY TWISTER AB-10154

Machined and anodized 6061 aluminum. 2 sealed internal roller bearings. Thrust washer bearing prevents handlebar/throttle tube jamming. Easily installs in minutes!

Model Fitment:

BETA FACTORY GRIPS AB-10110

New Domino Beta Grip set. Longest lasting grips on the market with a Beta logo moulded into the grip. Sold in a pair.

Model Fitment:

ARC FOLDING BRAKE LEVER AB-12110 (Black) & AB-12110-R (Red) AB-12110-B (Blue)

All ARC brake levers famously fold forward when you go down so they don't bend or break in a fall. Available in Unbreakable Memlon™ 45% lighter than aluminum. Comes in red, blue, and black.

Model Fitment:

ARC FOLDING CLUTCH LEVER AB-12112 (Black) & AB-12112-R (Red) AB-12112-B (Blue)

All ARC clutch levers famously fold forward when you go down so they don't bend or break in a fall. Available in Unbreakable Memlon™ 45% lighter than aluminum. Comes in red, blue, and black.

Model Fitment:

HANDLEBAR RISER KIT

AB-10195

5-30mm Handlebar Riser Kit. Includes 5mm, 10mm, & 15mm riser blocks. Stacked together or used separately to reach desired height.

Model Fitment:

BILLET HANDLEBAR RISERS

AB-10189-5/10/20

Raises the handlebars 5mm-20mm from stock. These are machined from Billet Aluminum and anodized red.

Model Fitment:

RED HANDLEBAR RISERS

AB-10192

Raises the handlebars 30mm from stock. These are machined from Billet Aluminum.

Model Fitment:

BILLET RED HANDLEBAR MOUNT

AB-10135

Billet aluminum bar mount. Stronger than stock for race applications. Anodized red.

Model Fitment:

BRP RUBBER MOUNTED HANDLEBAR CLAMP

AB-10300-2/4

BRP Top Clamp uses 4 Poly-Urethane damper bushings. Reduces rider fatigue & isolates harsh terrain vibration. 4-post design helps prevent twisting of the bar mounts. Adjustable bar position in 14mm & 21mm settings.

Model Fitment:

BETA BAR MOUNTS

AB-22047

BRP Beta Bar Mounts, 8mm Raised compared to stock height. Fits 2010+ Enduro Models (Excluding 125 RR-S)

Model Fitment:

LEGEND: ● 125 RR ● 350/390/430/480 RR
● 200 RR ● 350/390/430/480/500 RR-S
● 250/300 RR/RX ● XTRAINER

PRECISION STABILIZER KIT AB-22170 (OEM), AB-22171 (Raised)

High speed stability, greatly reduces high speed wobbles, as well as reduced wheel chatter going into corners. Has 20 numbered low speed positions with clicks and stops at both ends. Adjustable in a second with a bar pad on.

Model Fitment:

SCOTTS STEERING STABILIZER KIT AB-11282 (Xtrainer), AB-11284 (4-Stroke), AB-11285 (2-Stroke)

Features both high and low speed adjustments. Includes clean speed engineering cable guide as well as the top mount.

Model Fitment:

BRP RUBBER MOUNTED SCOTTS KIT AB-11298(4-Stroke), AB-11299(2-Stroke), AB-10297(Xtrainer)

Rubber Mounted SUB adapter uses 8 P-U bushings to isolate vibration. Stabilizer mounts below handlebar using OEM cast or billet triple clamp. SUB adapter mounts to the existing rear bar mount holes to run in pos. 2. Approximately 1" taller bar position.

Model Fitment:

VOYAGER KIT, 2020+ AB-21998

Voyager is the original Trail Tech off-road GPS, designed specifically to meet the needs of off-road riders. With Voyager you can download, record, and share maps while recording vital engine data.

Model Fitment:

VOYAGER PRO KIT, 2020+ AB-21999-RR/RRS

Voyager Pro is one of the greatest accessories for your adventures! Vivid Topo maps, live Buddy Tracking, cell phone integration, on-board intercom, live vehicle sensors and more.

Model Fitment:

VOYAGER PRO WALL CHARGER AB-21999-WC

Used when Voyager Pro will not be charged by the vehicle electrical system. Bikes without electric starts or headlight may require it. Not included in Voyager Pro kits

Model Fitment:

LEGEND: ● 125 RR ● 350/390/430/480 RR

● 250/300 RR/RX ● XTRAINER

SPIEGLER REAR BRAKE LINE

AB-16001

OEM replacement Spiegler Steel Braided Rear Brake Line. Red Line with silver fittings.

Model Fitment:

SPIEGLER CLUTCH LINES

AB-16002 (250/300/XT), AB-16006 (4-Stroke), AB-16009 (125/200)

OEM replacement Spiegler Steel Braided Clutch Line. Red line with silver fittings.

Model Fitment:

SPIEGLER CLUTCH LINES +2 INCH

AB-16003 (250/300/XT), AB-16007 (4-Stroke), AB-16008 (125/200)

OEM replacement Spiegler Steel Braided Clutch Line with 2 additional inches for taller handlebars. Red line with silver fittings.

Model Fitment:

SPIEGLER FRONT BRAKE LINE

AB-16010

Spiegler Steel Braided Front Brake Line. Red line with silver fittings. Direct OEM replacement.

Model Fitment:

BETA USA REAR BRAKE PEDAL

AB-22018

Heavy duty precision machined brake pedal with beta "B" logo. Red rotating aluminum brake tip. Includes brake snake.

Model Fitment:

BETA USA REAR BRAKE PEDAL, XTRAINER

AB-22010

Heavy duty precision machined brake pedal with beta "B" logo. Red rotating aluminum brake tip. Includes brake snake.

Model Fitment:

LEGEND: ● 125 RR ● 350/390/430/480 RR
● 200 RR ● 350/390/430/480/500 RR-S
● 250/300 RR/RX ● XTRAINER

INNTECK VENTED REAR BRAKE ROTOR AB-13100

Stronger and more durable than the stock rotor. Vented Rotor helps counter over-heating brakes and save weight!

Model Fitment:

INNTECK SOLID REAR BRAKE ROTOR AB-13101

Innteck Solid Rear Rotor, works well in muddy conditions. Extends rear brake pad life.

Model Fitment:

INNTECK FLOATING FRONT BRAKE ROTOR AB-13102

Stronger and more durable than the stock rotor. Vented Rotor helps counter over-heating brakes and save weight!

Model Fitment:

HEAT RESISTANT REAR BRAKE PADS AB-10100

Heat Resistant Rear Brake Pads. Lower heat means less fade and better breaking.

Model Fitment:

REAR BRAKE COOLER AB-22051

Rear Brake Cooler. For riders that drag the rear brake more than usual, this cooler dissipates the heat reducing the temperature of the pads while preventing fade.

Model Fitment:

HEX HEAD BRAKE PIN SET AB-20014

Replaces the stock allen heads with longer hex heads to make changing brake pads quicker and easier. Made in Italy

Model Fitment:

LEGEND: ● 125 RR ● 350/390/430/480 RR
● 200 RR ● 350/390/430/480/500 RR-S

HAMMERHEAD FORGED SHIFT LEVER, 4 STROKE AB-22017-R (Red), AB-22017-BK (Black)

Precision machined from 6061 billet aluminum. Anodized and UV coated for long lasting color. Lightweight & more durable than OEM shifters. Available in red/black and black/black.

Model Fitment:

BILLET HANDLEBAR SHIFT LEVER, 2 STROKE AB-21118-0/10/20

Hammerhead Shifter has 3 tip length options. 0 Tip is approx. -5mm shorter than stock shifter. 10 tip is approx. +5mm longer than stock shifter. 20 tip is approx. +15mm longer than stock shifter

Model Fitment:

HEAVY DUTY SHIFT LEVER AB-21101

Heavy-Duty Shift Lever used by the Beta USA Factory Team. 30% stronger over stock. Tip is roughly 10mm longer than stock

Model Fitment:

BILLET CHAIN BLOCKS AB-10280

Billet aluminum adjustment blocks have machined grooves for more accurate chain adjustments.

Model Fitment:

BETA USA FRONT AXLE PULL AB-22011

Right side-front axle pull enables quick & easy wheel removal. Billet aluminum, anodized red with engraved Beta B logo.

Model Fitment:

REAR AXLE PULL AB-12108-R

Installs in rear axle for ease of tire removal anodized red.

Model Fitment:

LEGEND: ● 125 RR ● 350/390/430/480 RR

FASTWAY EVO AIR BILLET FOOTPEGS

AB-21082-R (Red), AB-21082-BK (Black)
AB-21082-BL (Blue)

Fastway Evo Air pegs are lighter & stronger. 7075 Billet aluminum, hard anodized. Weighing .60 pounds per set, 50% lighter than Stainless Steel Evo 3 pegs.

Model Fitment:

FASTWAY ADVENTURE BILLET FOOTPEGS

AB-21083-R (Red), AB-21083-BK (Black)

Fastway Adventure pegs come with two sets of F3 cleats, one standard, one long. 37mm longer than stock, measures 2.25" front to back, 4.75" wide!

Model Fitment:

FASTWAY AIR EXT FOOTPEGS

AB-22053-R (Red), AB-22053-BK (Black)
AB-22053-BL (Blue)

The integrated Ankle Saver Technology provides safety and support to prevent against ankle injuries. Featuring patented adjustability.

Model Fitment:

FASTWAY EVO AIR FOOTPEGS

AB-22054-R (Red), AB-22054-BK (Black)
AB-22054-BL (Blue)

Strong, light, fully adjustable, and precision engineered for the best ride. Featuring patented height, traction, and camber adjustability.

Model Fitment:

STEEL FOOTPEGS

AB-22052-R (Red), AB-22052-B (Black)

Steel foot pegs are CNC machined and offer an excellent base for the boot, maximum grip and confidence in driving. Comes in Red and Black.

Model Fitment:

BETA RACING BILLET FOOTPEGS

AB-22031

The Beta Racing Billet Aluminum footpegs provide better support and great amounts of traction. Featuring a wider base and longer studs.

Model Fitment:

PIVOT PEGZ FOOTPEGS

AB-21084

Pivoting footpegs for better control & positioning. Features an extra-wide 60mm platform. Made from Aerospace grade stainless steel and comes with a lifetime warranty.

Model Fitment:

AIR VALVE NUT

AB-22048

Finger nut can replace standard tube nut. Helpful tool for holding valve stem when changing or inflating tires. Fits All Enduro Models

Model Fitment:

REAR BRAKE M/C CAP

AB-21096-R/B

Rear Brake Master Cylinder Cap. Billet Aluminum w logo, anodized Red or Blue.

Model Fitment:

BILLET REAR BRAKE CLEVIS

AB-10202-R/BL/BK

Replaces stock brake clevis. lighter than stock with better tolerances to get rid of the slop. Made from billet aluminum. Available in red, black, or blue.

Model Fitment:

BILLET BRAKE/CLUTCH CAP SET

AB-10188-12

Billet Aluminum brake/clutch reservoir covers. Anodized red. Includes both clutch and brake caps

Model Fitment:

BILLET ROTATING BAR CLAMP

AB-21095-R/B

Billet aluminum with plastic sleeve. Allows front master cylinder assemblies to rotate. Works on both clutch & brake master cylinders. Available in red or blue.

Model Fitment:

Rideability

OHLINS RXF FORK SET AB-42000

Improved traction and absorption of small & large bumps. TTX 22 pressurized cartridge with new piston holder. RXF 48 racing front fork works great with TTX Flow shock. New gold anodized lower fork legs.

Model Fitment:

XT-R ENDURO FRONT FORK KIT AB-40050

48mm Sachs open cartridge front fork kit. Designed to improve performance on single track trails. Kit includes everything needed to install. Designed by the Beta Factory Suspension Dept.

Available at WWW.BETASUSPENSION.COM

Model Fitment:

XT-R GP FRONT FORK KIT AB-40051

48mm Sachs closed cartridge front fork with Beta Factory components and settings. Created to improve performance in all conditions. Designed by the Beta Factory Suspension Dept.

Available at WWW.BETASUSPENSION.COM

Model Fitment:

XT-R REAR SHOCK AB-42007

Includes Beta Race Team piston, bladder & over-sized bladder cap. Factory adjuster with high/low-speed compression & rebound damping. Fully built in-house by Beta USA Factory Racing suspension technicians. Available at WWW.BETASUSPENSION.COM

Model Fitment:

XTRIG PRELOAD ADJUSTER, 2019+ AB-10277-19

Beta Racing Shock Adjuster made by Xtrig Allows rear suspension sag to be adjusted only using an 8mm socket. No more beating on the preload collars. Coming in anodized red.

Model Fitment:

BETA USA SHOCK BLADDER KIT AB-41015

This is a bladder kit to replace the piston. Improves shock performance & reduces heat. Includes bladder & machined fitting

Model Fitment:

PRO LAUNCH HOLESHOT DEVICE

AB-21231

Spring-less design delivers positive engagement and consistent release. "Easy set by rider" start trigger. CNC machined exclusively from aircraft-grade aluminum. Same device used by the Factory Beta USA Team

Model Fitment:

SKF HIGH PERFORMANCE FORK SEALS

AB-12120-43 (Xtrainer), AB-12120-48 (48mm SACHS)
AB-12120-KYB (48mm KYB)

SKF patented seals use a special material that greatly reduces friction. These seals make a huge difference in fork performance when installed. Sold in a kit with one seal and one wiper.

Model Fitment:

SKF MUD SCRAPER KIT

AB-12124

Mud Scraper Kit prevents mud ingress & fork abrasion. Helps extend service life of seals, bushings & fork performance. Removal of forks not necessary for install or removal, sold as a Pair.

Model Fitment:

SACHS FORK ANTI WEAR RINGS

AB-22006

Molded thermoplastic rings protect lower fork stanchions from wear. These replace the fork seal metal outer clamping rings.

Model Fitment:

LOWER SHOCK BEARING REBUILD KIT

AB-50104

Kit contains all OEM quality parts for complete lower shock bearing overhaul. Off-road design dust seal protects from water intrusion, mud & dust.

Model Fitment:

SWINGARM BEARING REBUILD KIT

AB-50102

Kit contains all OEM quality parts for complete swingarm bearing overhaul. Off-road design dust seal protects from water intrusion, mud & dust.

Model Fitment:

LEGEND: ● 125 RR ● 350/390/430/480 RR

FASTWAY LINKAGE GUARD AB-21133

Fastway PRO Adjustable Linkage Guard. Choice of 4 positions for fine tuning your geometry. Built tough with a thick skid plate.

Model Fitment:

FORK CAP WRENCH AB-15021

Fork Cap Wrench for 48mm Sachs and KYB Race Forks. 1 side is for the KYB Forks, 1 side is for the Sachs Forks. Works for 19+ Sachs/KYB fork

Model Fitment:

FORK SPRING REMOVAL TOOL AB-15023-17

Required for removing the Xtrainer fork spring.

Model Fitment:

SACHS CC INTERNAL CAP TOOL AB-15018

Internal Cap Removal Tool Sachs Closed-Cartridge Forks. Used to remove the top internal cap to reach the internal components. *This does not fit the standard Sachs Fork.

Model Fitment:

XTRAINER FORK CAP SOCKET AB-15024

46mm steel socket for the fork cap of Beta Xtrainer fork.

Model Fitment:

SACHS FORK HOLDING TOOL AB-15027

Fork Holding Tool used to hold damper rod. Fits 2016+ Sachs Closed-Cartridge Forks. *This does not fit the standard Sachs Fork.

Rideability

S3 TITANIUM LONG HEAD PIPE

AB-80200

Full Titanium construction. Completely changes the power delivery. Much mellower hit, smoother power curve. Great for kids, seniors, and those just starting out.

Model Fitment:

SPANISH FLY SPARK ARRESTOR, 2 STROKE

AB-80033

Spanish Fly Spark Arrestor. Screen type spark arrestor! USFS Approved.

Model Fitment:

SPANISH FLY SPARK ARRESTOR, 4 STROKE

AB-80033-4T/4T-TI

Spanish Fly Spark Arrestor. Screen type spark arrestor! USFS Approved. Use AB-80033-4T-TI for titanium pipes.

Model Fitment:

SPANISH FLY SPARK ARRESTOR, EVO 80

AB-80033-E8

Red anodized USFS approved spark arrestor with 4130 steel weld on adaptor tube.

Model Fitment:

BETA TITANIUM SILENCER

AB-80206

Same pipe used by the Beta factory team in Europe. This lightweight exhaust saves over 1 lb. over stock!

Model Fitment:

EVO FUEL MIX SCREW, 4 STROKE

AB-80164

Used to adjust fuel mixture screw with no tools required! Made in the USA!

Model Fitment:

BETA USA KEHIN IDLE ADJUSTER
AB-22015

Red anodized carb screw with Beta "B" engraved on tip. Has machined Edge for improved grip when making adjustments.

Model Fitment:

FLEXIBLE AIR SCREW ADJUSTER
12-41757-800

Allows the Air-Screw to be re-routed to the other side of the bike

Model Fitment:

S3 HIGH COMPRESSION DOME
AB-80162 (250 2-Stroke), AB-80163 (300 2-Stroke)

Replaces stock dome. Higher compression design delivers more power. Made from billet aluminum.

Model Fitment:

FACTORY CLUTCH KIT
AB-80028

Used by the factory Beta team. Includes a billet clutch basket, new slave cylinder body, race steel plates, and billet spring retainers. This will give you an unmatched clutch feel

Model Fitment:

FACTORY CLUTCH SLAVE CYLINDER
AB-80002

27 mm piston, allows major obstacles to be surmounted from a standing start, for aggressive riders looking for an exciting ride.

Model Fitment:

BETA FACTORY EVO CLUTCH DISCS
AB-80029

Kit includes 3 Factory Evo steel clutch plates to replace #1, #3, & #5 stock plates. Plates are formed to reduce flex and improve clutch engagement. Plates reduce flex & improve overall clutch feel.

Model Fitment:

SURFLEX CLUTCH FRICTION PLATES
AB-80052

Improves overall clutch feel and improves shifting action. All six frictions included.

Model Fitment:

●

FLYWHEEL WEIGHT
AB-50100

Provides a smoother power delivery. Works well in mud and other loose conditions. Flywheel puller AB-15003 required!

Model Fitment:

●

EVO BILLET CLUTCH COVER
AB-80172-R (Red) AB-80172-B (Black)

Billet Aluminum Clutch Cover. Stronger than stock, easy installation, uses stock hardware!

Model Fitment:

●

BOYSEN POWER REEDS
AB-80159-B

Boyesen's patented dual-stage design incorporates a specially shaped top reed and a ported bottom reed

Model Fitment:

●

BOYSEN CARBON TECH REEDS
AB-80160

Quickest acceleration any reed can offer for that all important holeshot. Crisper throttle response making challenging obstacles effortless.

Model Fitment:

●

RACING BASE GASKET
16-61761-030

.3mm base gasket raises compression and improves throttle response and increases compression!

Model Fitment:

●

EVO 4 STROKE OIL FILTER

15-26060-000

OEM Beta oil filter

Model Fitment:

EVO AIR FILTER

AB-82002

Foam Air Filter Replacement comes pre-oiled ready to install.

Model Fitment:

EVO AIR FILTER

AB-82007

More affordable foam air filter replacement comes pre-oiled ready to install.

Model Fitment:

AIR FILTER BRACE

AB-80171

Designed to brace the stock air filter lid to keep it from flexing and allowing dirt in! Easy installation, uses stock hardware!

Model Fitment:

EVO REMOTE CHOKE LEVER

AB-85725

Remote choke cable allows easy access to the choke lever. Includes remote cable, housing, locking lever, & Keihin adapter.

Model Fitment:

LANYARD KILL SWITCH

AB-80156

Mandatory for some trial competitions, Stops the engine immediately in case the rider falls off.

Model Fitment:

KEHIN FLOAT BOWL DRAIN BOLT
AB-80073-R/BL/BK

CNC machined from 7075 T6 alloy. Rubber sealing ring included. Larger capacity than the stock bolt

Model Fitment:

●

SAMCO SILICONE HOSE KIT, 2 STROKE
AB-80018-2

Silicone hoses resist ozone and UV deterioration and are more puncture resistant.

Model Fitment:

●

SAMCO SILICONE HOSE KIT, 4 STROKE
AB-80018-4

Silicone hoses resist ozone and UV deterioration and are more puncture resistant.

Model Fitment:

●

WATERPUMP KIT
AB-80167

Oversized water pump impeller and spacer increases flow and decreases engine temperatures!

Model Fitment:

●

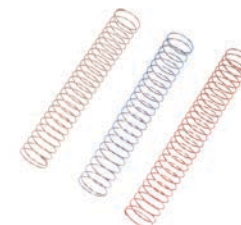

EVO OIL PUMP UPGRADE KIT
AB-80224

Evo 4T Oil Pump Upgrade Kit. Includes NGK spark plug. Decreases engine braking.

Model Fitment:

●

BETA CARB SPRINGS EVO 4 STROKE
AB-80031-S/R/B

Altitude changes have a large effect on the 4T carbs, these springs let you fine tune the slide spring pressure for different atmospheric pressures.

Model Fitment:

●

Rideability

LONG RANGE TANK/SEAT COMBO

AB-80013

Mounts on top of Evo frame. Provides 1.3 gallons of fuel for a total of almost 2 gallons! Soft replaceable seat foam (AB-80013-S)

Model Fitment:

GIANT LOOP HANDLEBAR BAG

AB-12037

Our smallest bag yet & it's the dirt bike glove box. Sometimes you only need the bare bones basics; wallet, phone, registration/insurance cards and other small items.

Model Fitment:

BETA RACING BAR ENDS

AB-80021-BETA

Factory Red with a Beta 'B' logo etched on it. Fits all Beta Motorcycles.

Model Fitment:

BETA BAR ENDS

AB-80021-R (Red), AB-80021-S (Silver)

AB-80021-BL (Blue)

Aluminum Handlebar Ends. Available in Red, Blue, or Silver. Universal fit.

Model Fitment:

BETA FACTORY HANDGUARDS

AB-12107-R (Red) AB-12107-W (White)

Beta Factory Handguards with all mounting hardware included. Available in red or white.

Model Fitment:

EVO FORK PROTECTORS

AB-80101

Full-length plastic fork protectors that look like carbon fiber. Protects upper tubes and lower sliders.

Model Fitment:

CARBON FIBER FORK GUARDS AB-86007

Made in Belgium with quality carbon fiber. Water cut edges for a precise and clean finish. Easy to mount.

Model Fitment:

EVO FORK SKINS AB-80165

ForkSkins neoprene fork protectors. Helps keep inner fork tubes free from nicks and scratches.

Model Fitment:

EVO FRAME PROTECTORS

AB-80008-R (Red), AB-80008-B (Black)

Carbon fiber-look frame guards keeps your frame protected from the rocks. Available in red or black.

Model Fitment:

EVO HEADER GUARD, 2 STROKE AB-86120

Factory Beta race part. Made from light weight carbon fiber.

Model Fitment:

EVO SILENCER GUARD, 2 STROKE AB-86032

Made of strong plastic with a nice carbon look finish. Easy to mount using the original bolts

Model Fitment:

CLUTCH COVER GUARD AB-80009

The Jitsie clutch cover protector prevents the clutch cover from getting scratched or damaged during a crash.

Model Fitment:

CARBON FIBER FLYWHEEL COVER GUARD AB-80068

The Jitsie flywheel cover protector prevents the flywheel cover from getting scratched or damaged during a crash.

Model Fitment:

●

SWING ARM PROTECTORS AB-80102

made of strong plastic with a nice carbon look finish. Easy to mount using cable ties and original bolts. Supplied with 2 cable ties

Model Fitment:

●

EVO LINKAGE GUARD AB-80711

The Jitsie linkage protector prevents the linkage from getting damaged in case of an impact.

Model Fitment:

●

EVO CHAIN BLOCK AB-80047-R/B

The race chain block has an angle on the front side to prevent the chain guide from getting caught on rocks and obstacles. Available in red & blue.

Model Fitment:

● ●

FACTORY BETA GAS CAP AB-80166-R

Billet Gas Cap with Beta logo. Fits all long range tanks AB-80013. Made in Italy.

Model Fitment:

● ●

BETA USA EVO GAS CAP AB-80175

Includes new o-ring grooved to re-use stock o-ring. Anodized red with Beta "B" logo

Model Fitment:

● ●

Rideability

EVO FACTORY TRIPLE CLAMP

AB-89100-G/R/B

Beta Motorcycles factory triple clamp. Machined from billet aluminium available in red, black, gold.

Model Fitment:

JITSIE HANDLEBAR

AB-80050-M/T/XT

The Jitsie 28.6mm oversized handlebar offers a great combination of strength and flexibility to give you the confidence and comfort you need on your bike.

Model Fitment:

THROTTLE ASSEMBLY

AB-80154

Standard Replacement Throttle, 4-stroke. Does not include grip.

Model Fitment:

THROTTLE ASSEMBLY FAST ACTION

AB-80155-F

The Domino throttle is the OEM choice for every trials motorcycle manufacturer on the market. Has a 96° stroke angle.

Model Fitment:

THROTTLE ASSEMBLY SLOW ACTION

AB-80155-S

The Domino throttle is the OEM choice for every trials motorcycle manufacturer on the market. Has a 124° stroke angle.

Model Fitment:

THROTTLE PULLEY WITH BEARING

AB-80056

Replaces stock plastic pulley inside stock Domino throttle. Provides a super smooth throttle response!

Model Fitment:

DOMINO TRIALS GRIP
AB-80055-BR/BG/BW/GB/WB

Domino Bi-Polymer grips. Available in Black/Red, Black/Grey, Blue/White, Grey/Black, White/Black

Model Fitment:

ARC FOLDING LEVERS
AB-80112, (Brake), AB-80113, (Clutch)

Folding design to avoid damage. Fits all Evo's and prior models with Grimeca

Model Fitment:

ARC FACTORY EDITION LEVERS
AB-80120-B (Brake) AB-80120-C (Clutch)

Folding design to avoid damage. Fits 2014+ Evo Factory Models! Fits AJP/Braktec master cylinders!

Model Fitment:

JITSIE REPLACEMENT LEVERS
AB-80115-B (Brake) AB-80116-C (Clutch)

The Jitsie levers are a price point alternative to the OEM levers. Cast aluminium construction, plastic spacers, great price/quality ratio.

Model Fitment:

JISTIE RACE LEVERS
AB-80116-B (Brake) AB-80116-C (Clutch)

The Jitsie Race lever is a cold forged aluminium lever designed for great durability and comfort on the bike.

Model Fitment:

BRAKE & CLUTCH ADJUSTERS
AB-80023

Kit includes all four adjusters for lever free-play and lever adjustment make adjustments with no tools needed!

Model Fitment:

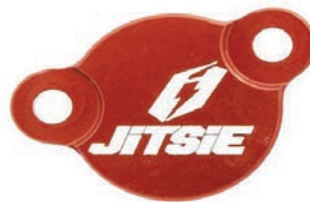

BILLET BRAKE/CLUTCH CAP SET
AB-80019

This kit replaces stock covers and adds a factory look.

Model Fitment:

REAR M/C COVER
AB-87021-R (Red), AB-87021-BK (Black)

Add some factory style to your bike with a Jitsie CNC machined aluminium master cylinder cover.

Model Fitment:

ALUMINUM REAR BRAKE PEDAL
AB-80110-BK (Black), AB-80110-R (Red)
AB-80110-S (Silver)

Available in Red, Black, or Silver. Featuring a folding tip to prevent breaking or bending during a fall.

Model Fitment:

JITSIE FRONT BRAKE LINE
AB-85710 (Standard), AB-85713 (Factory)

Alternative aftermarket brake line by Jitsie for Factory and Standard editions.

Model Fitment:

JITSIE CLUTCH LINE
AB-85712

The Jitsie clutch hose features Brake-Flow® technology for optimal clutch action and unrivaled flexibility.

Model Fitment:

JITSIE REAR BRAKE LINE
AB-85711

The Jitsie brake hose features Brake-Flow® technology for optimal braking power and unrivaled flexibility.

Model Fitment:

NG STANDARD BRAKE DISC
AB-80260-F/R

constructed using high strength stainless steel. Low in weight, super strong and corrosion resistant.

Model Fitment:

NG RACE BRAKE DISC
AB-80261-F/R

constructed using high strength stainless steel. Low in weight, super strong and corrosion resistant.

Model Fitment:

FRONT BRAKE PADS

AB-80249-F (Standard), AB-80250-F (Race)

Developed for trials and validated under all possible conditions, the Jitsie brake pads perform when most needed!

Model Fitment:

REAR BRAKE PADS

AB-80249-R (Standard), AB-80249-F (Race)

Developed for trials and validated under all possible conditions, the Jitsie brake pads perform when most needed!

Model Fitment:

ALUMINUM SHIFT LEVER

AB-80111-R (Red), AB-80111-S (Red)

AB-80111-BK (Black)

Evo Shift Lever. Comes with folding tip in red, silver, and black.

Model Fitment:

SHORTENED SHIFT LEVER

AB-80109

Reduces the need to remove foot from peg to shift. Great for 'Sport Model' builds or those just trail riding their Trials bikes.

Model Fitment:

ALUMINUM CHAIN ADJUSTERS

AB-80020-R (Red), AB-80020-BL (Blue),
AB-80020-BK (Blue)

CNC machined from aerospace aluminium for extra strength and weight reduction. Quality anodizing for the best possible color finish and overall look.

Model Fitment:

BETA FACTORY FOOTPEGS, BLACK

AB-80169-15

Lighter and stronger than stock! Made from billet aluminum and anodized black!

Model Fitment:

BETA FACTORY FOOTPEGS, RED

AB-80026

Lighter and stronger than stock! Made from billet aluminum and anodized red!

Model Fitment:

BETTER TETHER MAGNET COMBO, RED

AB-80026

This is a dead man switch non-elastic tether. Included with the tether is an anodized red aluminum magnet! Fits all Rev/Evo Models with a deadman switch.

Model Fitment:

BRAKE M/C COVER

AB-87025-BL/BK/R

Suitable for the Braktec brake master cylinder. CNC machined from 7075-T6 aluminium. Laser marking with Jitsie branding.

Model Fitment:

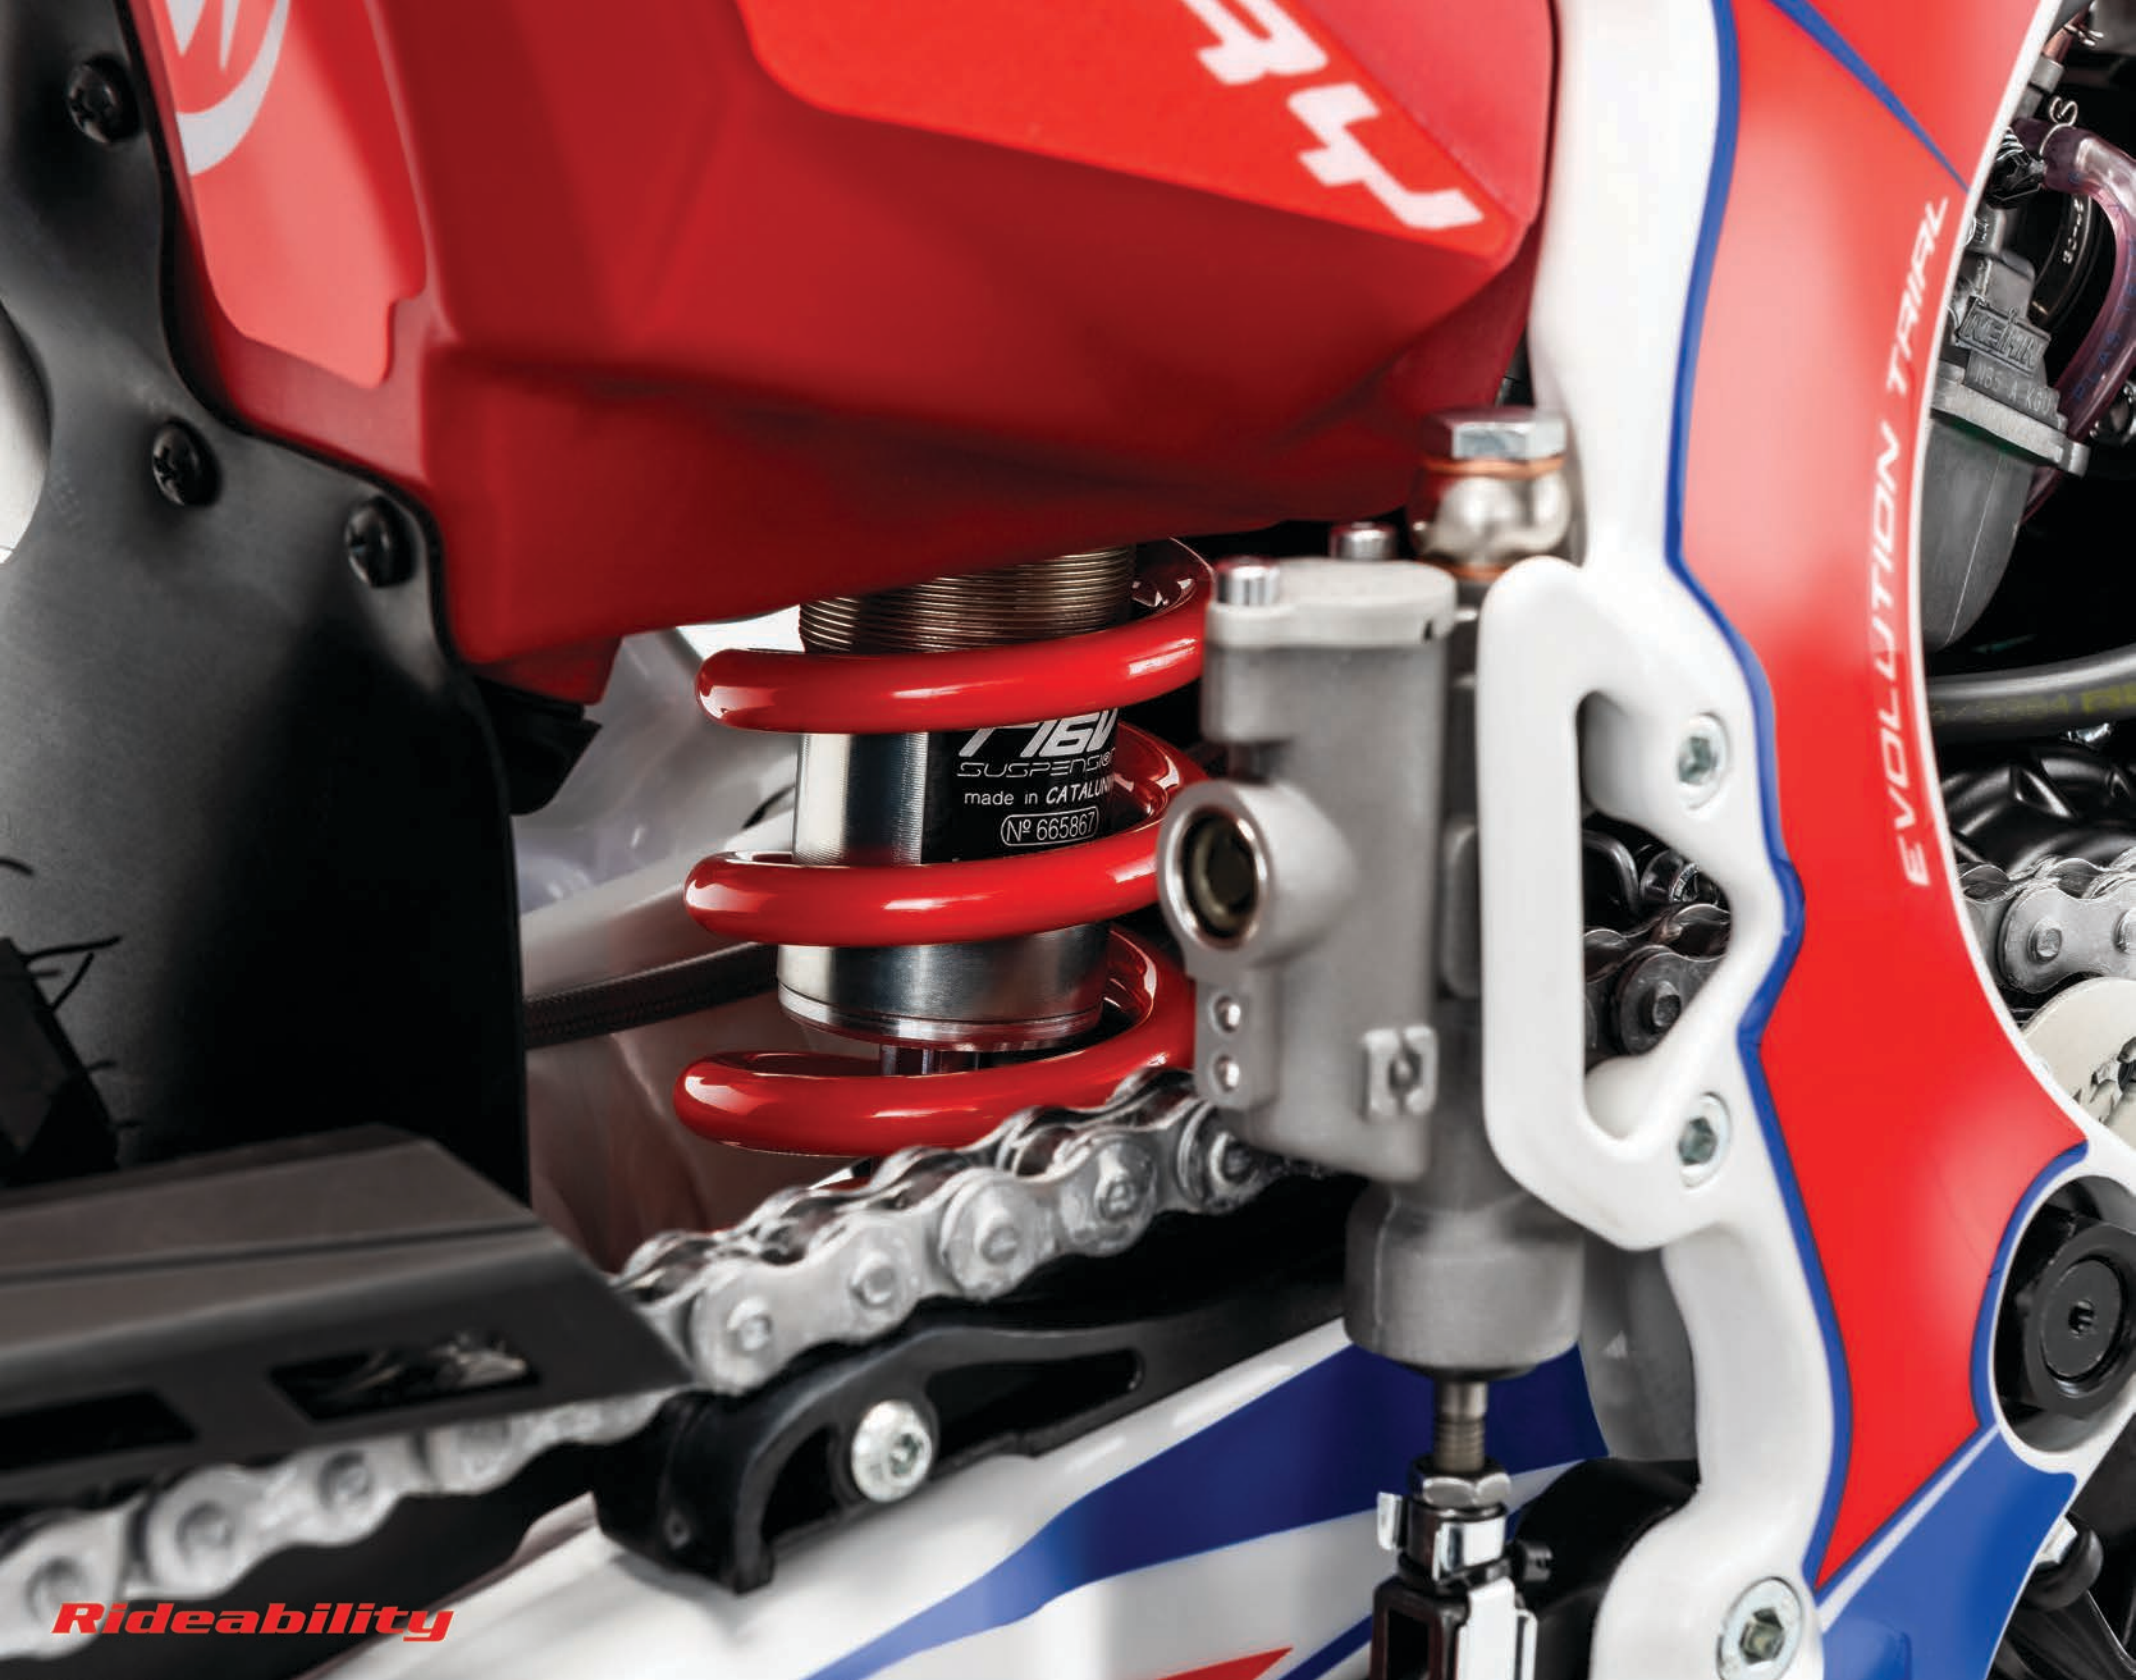

CLUTCH M/C COVER

AB-87026-BL/BK/R

Suitable for the Braktec clutch master cylinder. CNC machined from 7075-T6 aluminium. Laser marking with Jitsie branding.

Model Fitment:

EVO FACTORY REAR SHOCK

AB-80076-2/4

Amazing performance from this factory rear shock, it offers adjustable compression & rebound. Spring is included. Straight from the Factory in Italy!

Model Fitment:

FACTORY SHOCK SPRING

AB-81028-70/72/76/78/80/82/84/86

This spring is for factory editions only! Powdercoated red!

Model Fitment:

STANDARD SHOCK SPRING

AB-81027-74/76/78/80/82/84/86

This spring is for standard editions only! Powdercoated red!

Model Fitment:

EVO FORK SPRINGS

AB-80127-84/88/92/94

Evo fork spring. Stock rate is .80kg.

Model Fitment:

REAR BRAKE PADS

AB-12120-38

SKF patented seals use a special material that greatly reduces friction. These seals make a huge difference in fork performance when installed.

Model Fitment:

TITANIUM LOWER LINKAGE BOLTS

AB-88010

Titanium lower linkage bolts, much stronger and lighter than stock!

Model Fitment:

ALUMINUM REAR SPROCKETS

AB-13005-41/42/43/44

Aluminum rear sprocket for all Evo models. coming in 41, 42, 43, and 44 tooth options

Model Fitment:

ANODIZED REAR SPROCKET

AB-13004 (Black), AB-13006 (Red),

AB-13012 (Blue)

Anodized aluminum rear sprocket for all Evo models. coming in 41, 42, 43, and 44 tooth options. Available in red, blue, and black

Model Fitment:

EVO FRONT SPROCKET

AB-13001-09/10/11/12/13

Evo front sprocket coming in silver. Available in 09, 10, 11, 12, and 13 tooth options.

Model Fitment:

520 RACE CHAIN

AB-80043 (Red),AB-80044 (Blue),AB-80045 (Raw)

High performance race chain with blue, red, and raw sideplates

Model Fitment:

JITSIE FRONT WHEEL ASSEMBLY

AB-80500

The Jitsie front wheel Race is a competition wheel that reunites light-weight materials, quality workmanship and careful assembly.

Model Fitment:

JITSIE REAL WHEEL ASSEMBLY

AB-80501

The Jitsie rear wheel Race is a competition wheel that reunites light-weight materials, quality workmanship and careful assembly.

Model Fitment:
