Beta Factory Race Team Results:

- Mike Witkowski finished with a 2nd place podium in the Pro 2 class and is currently in 2nd place in the series points standings.
 - Cody Barnes took home the number 3 spot on the Pro 2 podium and is currently in 6th place in the series points standings.
 - Mike Witkowski and Cody Barnes' next event will be at the 7th round of the [GNCC Series](#) on June, 1st in Alpine, NY.
-

MIKE WITKOWSKI Bike: 250 RR Race Edition

"The Full Gas Sprint Enduro was located on a golf course this weekend! That was probably the most fun I've had on my bike in a long time! The track was laid out very well with a good Cross test winding through the Hidden Valley Golf Course and then a technical enduro test through the West Virginia mountains. I ended up having a good solid weekend of racing. A couple crashes affected my end result and possibly the win! But it happens. I still ended up 2nd in the 250 Pro Class and I was able to win day 2. Lost the win by 16 seconds. I did my best and I'm happy with how I felt on my Beta 250-RR! Thanks everyone for the support!"

CODY BARNES
Bike: 250 RR Race Edition

"On Day one I struggled the first few test. I was over-riding and trying to push too hard to make up time. Towards the end of the day I was able to get some good test scores and move into the fourth place spot in Pro 2. Going into day two on Sunday I was about 20 seconds off of third. I knew I had to make fast clean test runs if I was going to make up the time. I was able to put down some good times winning 3 of the 6 tests on day two, closing the gap and finishing in the 3rd place spot. My Beta 250 RR was running awesome in the fast crops test and handled like a dream in the slick technical woods!"
